

New After School Program in Cazenovia

Cazenovia Children's House is pleased to announce they have expanded their After-School Program to include a new school-age care classroom located at The Baptist Community Church in Cazenovia. The new program runs from 2:45-5:30 following all regular, full, school days. CCH Program Director Sue Ryan states, "The congregation from the church has been very gracious in sharing their space and answering a need in the community for additional after school care." The current school-age program at the CCH site is full, so this opportunity accommodates the needs of many more families. "Both teachers, Meghan Leach and Valerie Shantal, have experience with children and have early childhood education backgrounds." Ryan adds. Children in 1st -5th grade are eligible to enroll at this new site. During their afternoons the children will have opportunities for outside playtime, a snack provided by CCH, homework help, or they may choose a variety of activities from different areas arranged in learning centers. Enrollment is limited, call Sue Ryan at 655-KIDS for details.
